### PROTEST HIGHER BREAD

New York, Aug. 11.—First steps in a nation-wide protest against the proposal of the bakers of the country to raise the price of bread were made here today by the National Housewives league, when instructions were sent to the league's officers in every state in the union to investigate local conditions and arouse public sentiment against the proposed action.

"Bread is the food of the rich and poor alike, and any increase in price is going to result in hardships which we will not permit without a protest," said Mrs. Julian Heath, president of the league, which includes 700,000 members.

Preparations for our campaign are being rushed and if the bakers persist in carrying out their threat they will hear from us.

### HARDY WILL HEAD NEW SHIP BUILDING CONCERN

Portland, Aug. 11.—Vessels for Puget sound, Mexico, Boston and California are to be built by a new company organized by George E. Hardy, former executive secretary of the Portland chamber of commerce, according to his plans announced today. Hardy resigned from the chamber of commerce for the purpose of superintending the new corporation's development. While declining to reveal the identity of his financial backers, Hardy declared he was in communication with a well known ship builder of Norway. If his plans go through, this ship builder will leave Norway and build yards here. Hardy's idea is to build boats of Oregon pine and fir, and use them for carrying products of the northwest to the world.

Install Slide at Park—

The slide, which was used during the winter at the East school, has been taken to the park and installed on the raft near the bathing beach. This will be used until a larger one can be constructed. The attendance at the bath house is increasing rapidly, a hundred and fifty being in the river yesterday.

Girl at Bigelows—

A ten-pound girl was born to Mr. and Mrs. Bert Biglow, of Williams, at 6:30 this morning.

Start Bond Forfeiture Suit—

The city of Grants Pass, through its attorney H. D. Norton, has filed action in the circuit court against the Rogue River Public Service corporation for the forfeiture of the bond of \$1000 which was given to guarantee the carrying out of the terms of a franchise. The franchise was for the construction of an electric light and power system within the city, two miles of wire to be erected by last April. The forfeiture of the bond is asked because of non-compliance with the terms of the franchise within the time limit. The work of construction of the light and power line has never been commenced.

Maps for Hunters and Campers—

N. F. Macduff of the local forestry office announces that he has a number of maps of the surrounding country, which he will give to campers and hunters who apply for them. These maps show roads and trails and would be valuable for any person going into the mountains.

Joaquin Miller's Article Wanted—

That article from the pen of Joaquin Miller upon the Josephine caves, or the Marble halls of Oregon as Miller called them, wanted by the Commercial club, has not yet come to light. If any one in the city has a copy of the article, published in 1909, its use would be appreciated by the club. It will be copied and the original returned to its owner.

Mr. Hughes in Grants Pass—

It now seems probable that southern Oregon will have an opportunity to see and to hear briefly Chas. E. Hughes, republican candidate for the presidency of the United States. Mr. Rodway, who comes in advance of the distinguished visitor, has arrived in Portland and has placed a veto upon the attempt to keep Mr. Hughes in the Willamette valley and send him through southern Oregon on the Shasta Limited at night. Under the present arrangement the Hughes party will leave Portland on train No. 15 next Thursday morning, arriving in Grants Pass at 2:38 in the afternoon. It is expected that he will speak a few words during the short stay of the train at the station here.

Lane County Man's Find—

Copper ore, some of which is said to assay as high as 45 percent, and which contains small quantities of gold, was brought to Eugene yesterday by W. H. Paslay from the Mount Reuben district, near the old "Gold Bug" mine in the Rogue River vicinity. Mr. Paslay states that he has uncovered 1500 feet of the ledge that contains the ore, and has secured three claims located on the ledge. The property is near Leland, in Josephine county. The principal composition contained in the ore, says Mr. Paslay, is copper sulphide, mingled with some free copper and with iron salts. The ledge has a granite foot-wall, and a serpentine hanging wall, according to Mr. Paslay. Mr. and Mrs. Paslay have resided in Lane county for thirty years, and a little over a year ago they went to southern Oregon for their health. During this time, Mr. Paslay has been prospecting, with the result of his discovery of the ledge.—Eugene Guard.

## CARLOAD OF NEW SILOS FOR FARMERS

A car load of silos for farmers in this vicinity arrived from the factory at Salem Thursday night, there being five in the shipment. The largest of the five will be erected upon the farm of Attorney H. D. Norton, on upper Williams creek, and has a capacity of 130 tons of silage. Another of large capacity, 84 tons, will be erected for Frank Bryan on Williams creek. E. E. Allen, another Williams creek farmer, gets one of 73 tons capacity. Others are for H. L. Hicks of Williams, and Wm. Carl of Applegate. The silos are all of fir stave construction, and the farmers are all growing crops of corn as silage with which they will be filled as soon as they are erected.

### JAPANESE POPULATION OF U. S. IS DECLINING

San Francisco, Aug. 11.—The Japanese schoolboy has been vindicated. Upon no less authority than Masanao Hannihara, Japanese consul general, and that of other well informed Japanese, it is announced today that the Japanese population of the United States is declining. They state that more Japanese are leaving America than are arriving here, because the majority of them come here with the sole purpose of securing an occidental university or school training and then return to Nippon. There are but few exceptions to this rule, according to Hannihara.

### WILSON WILL TRAIL AFTER NOMINEE HUGHES

Washington, Aug. 11.—Between September 15 and October 1, President Wilson plans to start a transcontinental campaign tour, including

probably many of the cities on the Hughes' itinerary. He will go as far as San Francisco. It was learned today, after Senator Phelan had called at the White House to arrange several of the speaking engagements.

### TWO SPEECHES BY HUGHES IN PORTLAND

Portland, Aug. 11.—Candidate Hughes will speak twice in Portland next week, according to arrangements made today by the republican committee in charge here. His principal address is to be in the armory at 8 p. m. A meeting for women voters only is planned for the afternoon.

Hughes probably will be here next Wednesday, arriving early in the morning, and going on a trip through the Willamette valley, delivering rear platform speeches during the day.
